The rules for W.O.W.E.R. use the rules of Warhammer 40K 3rd edition. For both the W.O.W.E.R. and the Warhammer 40,000: Space Marine codex and the tabletop game rules, players roll to determine the outcome of each round. If they roll above a particular roll value on an X, that character is declared the winner. At some point a new round starts if all results are equal. The next player is then declared the winner..
